

FALL FESTIVITIES

ARCH's fall festivities included a fantastic conference and several fundraising events. We were pleased to catch up with industry experts at the LeadingAge Annual Meeting in San Diego.

In this season of gratitude we are thankful for all our clients and colleagues that have become a part of the extended ARCH family.

The ARCH team is committed to giving back to our clients by participating in and contributing to their fundraising events. Justin Sager enjoyed Episcopal Communities & Services Foundation Fall Celebration to honor their affordable housing residents. Frank Muraca and daughter Francesca enjoyed the recent Friendship Senior Options Sterling Award Event.

In the spirit of giving, this Holiday season we made donations to Feeding America and the Parkinson's Foundation.

CONSTRUCTION PROGRESS

Construction is well underway for several ARCH projects nationwide. Featured is a new medical office building in Gilbert, Arizona where ARCH serves as Project Manager for MedProperties Group. Richfield Living is making significant progress on their phased repositioning Project in Salem, Virginia where ARCH serves as Construction Monitor.
