Bethesda Repositioning

Bethesda Rehab & Senior Care has kicked off an expansion and renovation to the existing rehabilitation center. The project includes new offices for staff, updated resident rooms, renovations to common areas and a new separate entrance for the therapy area. ARCH serves as Owner's Representative for the project located in Chicago, Illinois.

The Clare Commons

The Clare, a high-rise senior living community, is in the process of renovating common spaces throughout the building. In December, the ground floor lobby was completed which includes a renovated entrance for the healthcare center. The next project currently underway is a new Bistro with seating overlooking the heart of downtown Chicago. ARCH is managing all of the renovation projects for Senior Care Development.

Milissa Rowell Joins ARCH

ARCH is pleased to announce that Milissa Rowell has joined the staff as administrative assistant to the firm. Ms. Rowell will support day-to-day operations in the headquarter office performing clerical functions and maintaining the efficient workflow. Prior to joining ARCH,

she served as graphic designer and marketing coordinator for corporations in the Chicagoland area. Her solid understanding of a productive office environment and strong work ethic makes her a perfect match for our team.
